

FourTrax Rancher 4x4 Automatic DCT with EPS

Riding this FourTrax[®] Rancher[®] is more fun than ever with Honda's automatic Dual Clutch Transmission (DCT). DCT allows operation in fully automatic mode or the ability to choose your own gears. Combine that with Electric Power Steering (EPS) to really make the Rancher automatic DCT a standout choice.

FourTrax Rancher 4x4 Automatic DCT with EPS

CUSTOMER PROFILE

Riders looking for advanced features and an enclosed axle swingarm will appreciate Honda's automatic Dual Clutch Transmission and Electric Power Steering offered in this 4x4 Rancher.

KEY CUSTOMER ADVANTAGES *(Callouts on previous page)*

- **Automatic Dual Clutch Transmission (DCT)** automatically determines the most appropriate shift points (more aggressive or less aggressive) based on a combination of vehicle speed, throttle position and throttle angle *(see DCT Technology Section)*.
- In addition to fully automatic transmission mode, riders can also employ Honda's exclusive **Electric Shift Program (ESP)** for easy shifts using handlebar-mounted buttons *(see Technology Section)*.
- Five-speed transmission with Reverse includes an **ultra-low First gear**, which is helpful when towing heavy loads.
- **Honda TraxLok 2WD/4WD system** offers 2WD for more nimble handling and 4WD with TraxLok torque-sensing front differential to better access available traction when needed *(see Technology Section)*.
- Front and rear shocks feature **adjustable spring preload** that allows suspension tuning to match varying loads and riding conditions.
- **Electric Power Steering (EPS)** system features ECU mapping that reduces low-speed steering effort for enhanced maneuverability and decreased kickback traits resulting in improved all-around steering action *(see Technology Section)*.
- **Longitudinally mounted engine** allows direct driveshaft alignment to both front and rear wheels for maximum drivetrain efficiency *(see Technology Section)*.
- **Enclosed-axle swingarm** is tough and durable.
- **Full-length lower skidplate with integrated brush guard** offers protection from rocks, tree branches and other hazards encountered in rugged terrain.
- **Excellent ergonomics** created by an ideal rider triangle and a plush seat aid rider comfort.
- **Tough steel racks** offer multiple tie-down points.

NEW FOR 2018

- Vapor White color joins Red and Honda Phantom Camo.

Additional Features

- Double-cradle steel frame developed with computer aided engineering features increased stiffness compared to previous generation for precise handling and a smooth ride.
- Heavy-duty trailer hitch provides 848-pound towing capacity.
- Twin-headlight system features 35-watt headlights with a focused light distribution pattern for improved nighttime visibility.

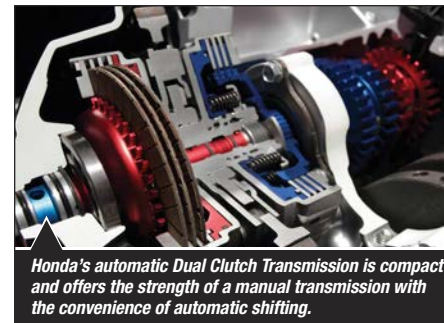

- Assembled in Timmonsville, South Carolina, using domestically and globally sourced parts.

Engine/Drivetrain

- Overhead-valve and semi-dry-sump design provides compact engine dimensions for excellent ground clearance while maintaining a broad, easy-to-use powerband.
- Heavy-duty automatic clutch has a low-rpm engagement point for excellent driveability and towing capability.

With DCT, riders can enjoy fully automatic shifting (AUTO) or opt for push-button (ESP) gear changes.

Honda's automatic Dual Clutch Transmission is compact and offers the strength of a manual transmission with the convenience of automatic shifting.

Convenient lever for simple Reverse engagement.

- Mapping for the Programmed Fuel Injection (PGM-FI) system gives smooth power delivery and throttle response, and increases fuel efficiency for greater range *(see Technology Section)*.
- Handy TraxLok 2WD/4WD selector lever, mounted on the left-front panel, allows a quick shift to 4WD when needed and to 2WD as conditions permit.
- Stainless-steel exhaust system includes a USDA-qualified spark arrester designed for quiet operation and long-lasting performance.
- One-piece tank/side cover allows easy access (no tools required) for maintenance.
- Aggressively styled bodywork also provides great mud protection.
- High-performance Yuasa GYZ16H increases battery power and durability so owners can add more accessories.
- AC generator output of 450 watts allows powering a host of electrical accessories.
- Honda Phantom Camo pattern blends into wide range of field environments, and Honda application procedures provide good graphic durability and improved resistance to fuel spillage *(see Technology Section)*.
- Sealed steering knuckle bearings provide extended durability.
- Dual front hydraulic disc brakes provide strong stopping power.
- Front rack capacity is 66 pounds and rear is 133 pounds.

Chassis/Suspension

- The Rancher offers a tight turning radius of 9.2 feet.
- Multifunction LED meter includes a Maintenance Minder system that makes it easy for owners to remember service intervals.

2018 Specifications

MODEL: TRX420FA2

ENGINE TYPE: 420cc liquid-cooled OHV semi-dry-sump longitudinally mounted single-cylinder four-stroke

BORE AND STROKE: 86.5mm x 71.5mm

COMPRESSION RATIO: 9.9:1

INDUCTION: Programmed Fuel Injection (PGM-FI), 34mm throttle body

IGNITION: Full-transistorized with electronic advance

STARTER: Electric with optional auxiliary recoil

CLUTCH: Automatic

TRANSMISSION: Automatic DCT five-speed with Reverse

DRIVELINE: Direct front and rear driveshafts with TraxLok® and torque-sensing front differential

SUSPENSION

Front: Independent double-wishbone; 6.7 inches travel
Rear: Swingarm with single shock; 6.7 inches travel

BRAKES

Front: Dual hydraulic 190mm discs
Rear: Sealed 160mm mechanical drum

TIRES

Front: 24 x 8-12
Rear: 24 x 10-11

LENGTH: 82.8 inches

WIDTH: 47.4 inches

HEIGHT: 46.2 inches

SEAT HEIGHT: 33.7 inches

GROUND CLEARANCE: 7.2 inches

WHEELBASE: 49.9 inches

TURNING RADIUS: 9.2 feet

TOWING CAPACITY: 848 pounds

PAYLOAD CAPACITY: 66 pounds front; 133 pounds rear

FUEL CAPACITY: 3.9 gallons, including 1.3-gallon reserve

COLORS: Red, Vapor White, Honda Phantom Camo®

CURB WEIGHT*: 642 pounds

*Includes all standard equipment, required fluids and full tank of fuel—ready to ride.

Meets current EPA and CARB off-road emissions standards.

RECOMMENDED FOR RIDERS 16 YEARS OF AGE AND OLDER.
